  - **Location:** Cairo, Egypt
- 

### SUMMARY / OBJECTIVE

Highly motivated Front-End Developer with 2+ years of hands-on experience in building robust web applications using Angular, TypeScript, and JavaScript. Proven ability in developing responsive user interfaces, implementing component-based architecture, and integrating RESTful APIs. Seeking to leverage strong technical skills in modern frameworks to deliver scalable and high-performance digital solutions.

---

### TECHNICAL SKILLS

- **Frontend Frameworks:** Angular, Bootstrap
  - **Programming Languages:** TypeScript, JavaScript, HTML5, CSS
  - **Styling & UI:** Scss, Responsive Web Design, jQuery
  - **Tools & Version Control:** Git, GitHub, npm
  - **API Integration:** REST APIs
- 

### PROFESSIONAL EXPERIENCE

#### Front-End Developer | Personal Projects

(2022 – Present)

- Spearheaded the development of multiple, fully integrated Angular applications, managing routing, state, and service layers.
- **Optimized Code Quality:** Successfully implemented a **Component-Based Architecture** to ensure code reusability, maintainability, and scalability.
- Built and maintained fully **responsive User Interfaces (UI)** using SCSS and Bootstrap, strictly adhering to modern UX/UI best practices.
- Managed version control and team collaboration efficiently using **Git and GitHub**.
- Expertly integrated and consumed **RESTful APIs** for dynamic data handling and presentation.

## Restaurant Staff | Vinni Cafe & Deli

(2021 – 2022)

- Provided exceptional customer service in a dynamic and fast-paced environment.
  - Demonstrated strong interpersonal, communication, and **teamwork** skills.
- 

## PROJECT PORTFOLIO

### 1. Responsive Agency Landing Page

- **Technologies:** HTML5, CSS3, SCSS, Bootstrap, Responsive Web Design.
- **Description & Achievements:**
  - Designed and developed a **fully responsive** and modern landing page for a digital agency, ensuring pixel-perfect display across all devices and screen sizes.
  - Leveraged the **Bootstrap Framework** extensively to structure the page layout and manage the grid system, ensuring stability and maintainability.

### 2. Admin Dashboard Application

- **Technologies:** Angular, TypeScript, SCSS, Bootstrap
- Developed a user management system with dynamic routing capabilities.
- Integrated various REST APIs for real-time data retrieval and management.

### 3. E-Commerce Application

- **Technologies:** Angular, TypeScript, APIs
- Designed and implemented core e-commerce functionalities, including product browsing, filtering, and cart management.

### 4. PSD to Responsive Website Conversion

- **Technologies:** HTML5, SCSS, Bootstrap
  - Successfully converted complex static design files into functional, pixel-perfect, and fully responsive web pages using **Mobile-First** principles.
-
